

MOLYGULF SPECIALIZED LUBRICANTS

Ultimate High Performance Specialty Lubricants

MG-225 SPECIAL PNEUMATIC OIL

MG-225 Is truly Multi-purpose, Pneumatic ‘Air Line” Lubricators, Oil Circulating Systems General Machinery Lubrication and scientifically formulated from high quality, solvent -refined paraffin base stocks with the most advanced features:

APPLICATION:

MG-225 is the most advanced multipurpose oil, carefully refined with selected premium base stocks and advanced additive chemistry an exclusive oxidation and wear inhibitors to provide much longer service life. It is specifically formulated for air-line system, it meet and exceed all specification

FEATURES:

- Good emulsifier
- Excellent foam resistant and air separation
- Excellent extreme pressure properties to part seizure
- Good adherence to wet surface
- Good rust preventive properties
- Provide proper atomization into air lines ahead of tool.
